fyi--my suggested edits. Like I said, perhaps too detailed but was thinking we need to provide a little bit more to show we're actually accomplishing things and not just holding meetings. Feel free to suggest other edits if you think it needs to be higher level.

Hi Jayne--

Thanks for volunteering to take the lead on this. Always so helpful to provide suggested revisions on the great foundation you've built. See attached for my comments. Perhaps a little too detailed in some areas but I think we need to give them a little bit on specifics so they are assured that we're making progress and just not holding meetings. We'll see what the lawyers have to say.

Allison

Hi All,

Below is the draft bimonthly email to NWEA for late July for your review. As discussed, the draft bimonthly emails will be reviewed by the technical team, legal team and managerial team before Christine sends them out.

Re: Bimonthly Progress Report on OR CZARA Progress

Below is NOAA/EPA's bimonthly report on progress being made toward NOAA/EPA taking a final action on our proposal that Oregon has not submitted an approvable coastal nonpoint pollution control program.

- Posted all comments received on NOAA's website for public viewing at <http://coastalmanagement.noaa.gov/nonpoint/oregonDocket/publicComments.html>
- Sent letter informing Oregon that the agencies intend to take final action on our proposal that Oregon has not submitted an approvable coastal nonpoint program by January 30, 2015.
- Set up a schedule, categorized comments received into seven major categories and set up technical teams to conduct a technical review, prepare written responses to the comments and update the rationale, develop a set of legal and managerial issues that needs to be discussed and/or elevated.
- Conducting weekly topic team meetings, weekly technical team meetings, monthly managerial and monthly legal team meetings during the summer.
- Anticipate completing a majority of the response to comments and rationale documents by the end of the summer.

Feel free to contact me or Joelle Gore at _____ with any questions.
